

Meter and equipment hire

EMR Australia provides high quality, calibrated metres for measuring fields from electrical and wireless sources. They come with information and support materials to help you to obtain the maximum benefit from using them in and around your home.

These meter packages are suitable for use by individuals but are not designed for commercial, medical or legal use.

Meter hire is for 7 days from the date of delivery to a residence or PO Box.

EMR Australia will forward the meter hire package upon receipt of this signed agreement form.

I agree:

- to take good care of the equipment during the hire period and not to allow it to be used by anyone outside my immediate family;
- to package it carefully for return by post;
- to return the equipment on time or pay the additional hire charges of \$20 per day on the credit card details provided below;
- to pay for any damages the equipment sustains while in my care and not to attempt any repairs myself.
